Retirement Age

(If already retired, skip to Planning Age)

When would you like to retire? Enter your Ideal Retirement Age. Then, indicate how willing you are to delay retirement beyond that age, if it helps you fund your Goals.

	Client
Ideal Retirement Age	Age:
How willing are you to retire later (if necessary) to attain your Goals?	Not at All Slightly Somewhat Very
What order of retirement do you prefer?	Both retire in the same year. Either can retire first.

Planning Age (Life Expectancy)

With Americans living longer, it's a good idea to consider how long you think you will live. This is important because your plan will need to cover expenses for the length of your retirement. By answering the questions, your advisor can determine a reasonable planning age.

	Client
Are you a smoker	Yes No
For your age, how would you rate your health?	Poor Good Excellent
If you compare your family members to others, how long do they tend to live?	Shorter than average About average Longer than average

Lifestyle Goals - Before and After Retirement

Some common goals that may fall under wants and wishes include:

Travel

Is there one special place calling your name? Or do you want to travel every year? Create Travel Goals for one special trip, or for recurring travel.

Major Purchase

You've always wanted a sail boat? A motor home? A hot tub? Whatever it is, go for it. Fill in the blank, and make it a Goal.

College

Plan to pay for all or part of a college education (or some other education program) for yourself, a child or grandchild.

Leave Bequest

Create bequests for the money you'd like to leave at your death to family, friends, charities and/or institutions.

Home Improvement

Do you have plans to renovate? Create Goals for major home improvements and repairs.

Gifts or Donation

Would you like to give back? Or maybe your parents need help. Use Gift Goals for any cash gifts.

New Home

Do you plan to trade-up or just want more space? Maybe you would like a vacation home.

Wedding

Want to help pay for a wedding? If you plan to pay for all or part of the cost, include it as a Goal.

Provide Care

If you need money to take care of someone you love (e.g., your mother in a nursing home, or a child with special needs), make sure you have a Goal.

Celebration

What special events do you look forward to celebrating? Do you have a Bar Mitzvah, Bat Mitzvah, family reunion, anniversary or retirement party in your future?

Start Business

If you plan to start a business or buy a business franchise.

Goal Importance Scale

Use this scale in the next few Lifestyle pages to indicate the importance of each Goal on a scale of 10 - 1, with 10 being the most important. This exercise and rating groups your goals by Needs (what you must have), Wants (what you would like to have), and Wishes (what you wish to have).

Needs: Lifestyle Goals Before and After Retirement

Living Expense

This Goal is for your basic day-to-day living expenses (e.g., food, clothes, utilities, etc.) during retirement. By making your Basic Living Expense a separate Goal, you can see exactly what it takes to pay the bills for the rest of your life. When you're confident that you have your basic expenses covered, you can sleep better at night and feel free to enjoy spending money to fulfill your other Retirement Lifestyle Goals.

Health Care

If you believe that Health Care costs, beyond basic expenses such as your Medicare supplement, are likely to be particularly significant for you or your family, use this Goal to separate those costs from your retirement living expense.

Importance	Description	Annual Amount
10	Living Expense	\$
10	Health Care (out-of-pocket)	\$

Be sure you don't "double count" any expenses during retirement. For example, if you entered a separate Goal for a car, don't include the purchase cost of this car in your Living Expense, but do include all operating expenses (e.g., gas, taxes, maintenance). If you're not sure how much money you need, use the Budget Worksheet (Page 17).

Needs: Lifestyle Goals Before and After Retirement

Adjustments to Living Expense

Your Retirement Living Expense amount may include some expenses that will end during retirement. When the expenses end, your Living Expense amount would be reduced. Please indicate any expenses that will end.

Description	Annual Amount (current dollars)	Year Expense Will End	Check if amount inflates
e.g., Mortgage	\$ 16,000	2021	<input type="checkbox"/>
	\$		<input type="checkbox"/>
	\$		<input type="checkbox"/>
	\$		<input type="checkbox"/>
	\$		<input type="checkbox"/>

Car

To be sure you'll be driving what you want, add separate Goals for buying cars during retirement. Don't forget, you may have a trade-in. So use the amount you'll need after subtracting the trade-in value from the new car price.

Importance High Low 10 ↔ 1	Description	Start		Amount After Trade-In	How Often	How Many Times
		Year	At Retirement
